- **BPC is a potential mass adoption coin due to its almost unique position as a retail based coin it therefore has a good chance of reaching the top 50 coins by market cap**
- **This puts the total market cap between \$10Bn to \$50Bn (valuing BPC between \$1 and \$5)**
- **This are at todays market usage. With mass adoption this grows exponentially**

- **We will only deploy 70 MasterNodes, they all earn equally.**
- **Beep has data for 192 Countries 70 of which are key targets for a total of 1.5 million outlets.**
- **1.5m outlets x \$2,000 worth of transactions x 0.003 = \$9m/month (\$128,571/month per MasterNode**
- **1.5m per MasterNode/year**

KISS ~ The Band ~ The Brand

KISS CHRONOLOGY

As America's #1 Gold Record Award winning group of all time, and that's in every category, KISS can easily be named one of rock's most influential bands. The Rock N Roll Hall of Famers have released 44 albums and sold more than 100 million albums worldwide. Honored by their peers, KISS received the illustrious ASCAP Founders Award in 2015.

Over 40 years of record-breaking global tours have brought KISS to their fans. Additionally, once a year the "KISS Army" becomes the "KISS Navy" as fans from across the globe board the KISS Kruiise (this year will be their 6th voyage).

High-profile appearances have included the Super Bowl, the Winter Olympics, Rockin' The Corps concert, a FOX alliance with KISS appearing in multiple episodes of Family Guy, plus two special guest performances on American Idol finales. KISS has been featured in major advertising and marketing campaigns for John Varvatos, Google Play, Hello Kitty— even appearing in a Dr. Pepper Super Bowl commercial and advertising campaign in support of their Hottest Show On Earth tour.

KISS is dedicated to numerous Veterans Organizations including: The Wounded Warriors Project, The USO, The U.S. Chamber of Commerce "Hire A Hero" program, The Legacy Organization in Australia, Help For Heroes United Kingdom and The Dr. Pepper Snapple Groups Wounded Warriors Support Foundations.

The KISS legacy continues to grow generation after generation, transcending age, race and creed. The unparalleled devotion and loyalty of the KISS Army to the "Hottest Band in the World" is a striking testament to the band's unbreakable bond with its fans.

KISS Loyalty v Album Sales

You

Kiss Army Loyalty Sales. Were they greater than album revenues?

ChatGPT

The Kiss Army, as the devoted fan base of the rock band Kiss, has been a significant contributor to the band's success over the years. While it's challenging to directly compare the revenue generated by Kiss Army loyalty sales with album revenues, it's likely that album revenues have historically been a larger source of income for the band.

Album sales, concert ticket sales, merchandise, and licensing deals typically constitute the primary revenue streams for a band like Kiss. The Kiss Army loyalty program, which includes merchandise sales, fan club memberships, and special fan experiences, undoubtedly contributes to the band's overall revenue. However, it's unlikely that these loyalty sales alone surpass the revenue generated by album sales, especially considering the massive success of Kiss albums throughout their career.

Ultimately, the exact figures would depend on various factors such as the specific time period, the popularity of individual albums and tours, and the effectiveness of the Kiss Army loyalty program at different points in the band's history.
